

Glenwoodenergy.org Privacy Policy

This privacy policy has been compiled to better serve those who are concerned with how their 'Personally identifiable information' (PII) is being used online. PII, as used in US privacy law and information security, is information that can be used on its own or with other information to identify, contact, or locate a single person, or to identify an individual in context. Please read our privacy policy carefully to get a clear understanding of how we collect, use, protect or otherwise handle your Personally Identifiable Information in accordance with our website.

What personal information do we collect from the people that visit our website or app?

When paying a bill or registering on our site, as appropriate, you may be asked to enter your credit card information, Login Info or other details to help you with your experience.

When do we collect information?

We collect information from you when you pay a bill or register on our site.

How do we use your information?

We may use the information we collect from you when you register, pay a bill, surf the website, or use certain other site features in the following ways:

- To quickly process your transactions.

How do we protect visitor information?

Our website is scanned on a regular basis for security holes and known vulnerabilities in order to make your visit to our site as safe as possible.

We use regular Malware Scanning.

Your personal information is contained behind secured networks and is only accessible by a limited number of persons who have special access rights to such systems, and are required to keep the information confidential. In addition, all sensitive/credit information you supply is encrypted via Secure Socket Layer (SSL) technology.

We implement a variety of security measures when a user pays a bill to maintain the safety of your personal information.

All transactions are processed through a gateway provider and are not stored or processed on our servers.

Do we use 'cookies'?

From time to time, we may send a "cookie" to your computer. A cookie is a small piece of data that is sent to your browser from a Web server and stored on your computer's hard drive. A cookie can't read data off your hard drive or read cookie files created by other sites. Cookies do not damage your system. We use cookies to recognize you when you return to our sites, or to identify which areas of our network of Web sites you have visited (i.e. e-commerce sites, etc.). We may use this information to better personalize the content you see on our sites.

Many Web sites place cookies on your hard drive. You can choose whether to accept cookies by changing the settings of your browser. Your browser can refuse all cookies, or show you when a cookie is being sent. If you choose not to accept these cookies, your experience at our site and other Web sites may be diminished and some features may not work as intended.

Third Party Disclosure

We do not sell, trade, or otherwise transfer to outside parties your personally identifiable information.

How does our site handle do not track signals?

We honor do not track signals and do not track, plant cookies, or use advertising when a Do Not Track (DNT) browser mechanism is in place.

Does our site allow third party behavioral tracking?

It's also important to note that we do not allow third party behavioral tracking

COPPA (Children Online Privacy Protection Act)

When it comes to the collection of personal information from children under 13, the Children's Online Privacy Protection Act (COPPA) puts parents in control. The Federal Trade Commission, the nation's consumer protection agency, enforces the COPPA Rule, which spells out what operators of websites and online services must do to protect children's privacy and safety online.

We do not specifically market to children under 13.

To read more about online safety and how to become more involved with your child's online experience, visit the [Federal Trade Commission](#) Web site. You may also benefit from the information and resources available on [ProtectKids.com](#).

Fair Information Practices

The Fair Information Practices Principles form the backbone of privacy law in the United States and the concepts they include have played a significant role in the development of data protection laws around the globe. Understanding the Fair Information Practice Principles and how they should be implemented is critical to comply with the various privacy laws that protect personal information.

In order to be in line with Fair Information Practices we will take the following responsive action, should a data breach occur:

We will notify the users via email

- Within 1 business day

We will notify the users via in site notification

- Within 1 business day

We also agree to the individual redress principle, which requires that individuals have a right to pursue legally enforceable rights against data collectors and processors who fail to adhere to the law. This principle requires not only that individuals have enforceable rights against data users, but also that individuals have recourse to courts or a government agency to investigate and/or prosecute non-compliance by data processors.

CAN SPAM Act

The CAN-SPAM Act is a law that sets the rules for commercial email, establishes requirements for commercial messages, gives recipients the right to have emails stopped from being sent to them, and spells out tough penalties for violations.

We collect your email address in order to:

- Register or send a payment receipt.

To be in accordance with CANSPAM we agree to the following:

- NOT use false, or misleading subjects or email addresses
- Identify the message as an advertisement in some reasonable way
- Include the physical address of our business or site headquarters
- Monitor third party email marketing services for compliance, if one is used.
- Honor opt-out/unsubscribe requests quickly
- Allow users to unsubscribe by using the link at the bottom of each email
